LETTER FROM THE SECRETARY-GENERAL

Dear Delegates,

It gives me immense pleasure to welcome you to HBTMUN'27, hosted at H.B.T. Medical College & Dr. R. N. Cooper Municipal General Hospital on 23rd and 24th January 2027.

This conference holds a special place for us. After almost three years, HBT Medical College is finally opening its doors to another edition of MUN, and bringing this platform back has been something we have genuinely looked forward to. There is a certain excitement in starting something again, in bringing together people who are willing to question, debate, disagree and, most importantly, learn from one another.

This year, we come together as the World Health Organization, confronting a question that extends far beyond the walls of any committee room: How do hospitals, supply chains and disease surveillance survive a war that does not end?

As you step into committee, I hope you bring with you curiosity, conviction and an openness to perspectives different from your own. Whether this is your first conference or one of many, I hope HBTMUN'27 gives you the space to find your voice, challenge your understanding and make memories that extend beyond the two days of debate.

A conference is ultimately more than its agenda, its resolutions or its speeches. It is the people who make it worthwhile. And we cannot wait to see what each of you brings to the table.

On behalf of the Secretariat and the Executive Board, welcome to HBTMUN'27. We are truly excited to have you with us.

See you in committee!

DARSHANI VELHAL

SECRETARY-GENERAL, HBTMUN'27
